May 1, 2018

Captain Charles Beneby  
Director General  
Bahamas Civil Aviation Authority  
JL Center, Blake Road  
Nassau N. P. Bahamas

Sir

**Ref: Safety Recommendation 18-006 thru 012**

The Air Accident Investigation Department (AAID) is an independent government agency charged by Minister for Tourism and Aviation with investigating every civil aviation accident and incidents in the Bahamas. We determine the probable cause of the accidents and issue safety recommendations aimed at preventing future accidents.

On May 1, 2018, the AAID adopted its safety recommendation report. The details of a related accident investigation and the resulting safety recommendations may be found in the attached report.

Among the Safety Recommendations are two of critical importance issued to the Bahamas Civil Aviation Authority, which can be found on page 2 of the report.

The AAID is vitally interested in this recommendation because it is designed to prevent accidents and save lives. We would appreciate a response from you within 90 days (30 days for urgent recommendations), detailing the actions you have taken or intend to take to implement them. When replying, please refer to the safety recommendation by number.

Regards
